Through the years St. Augustine School has been blessed with many volunteers, concerned parents and parishoners that have given of themselves. This has included time, talent, concern and a loving care for our children. It is always very difficult to let these special people know how much their commitment was needed and appreciated.

With the closing of our school in September, 1986, the school board wanted a special remembrance to give to those that had given of themselves over the years. It is a thank you, but it also is a unique remembrance of our school.

Please accept this mug with our heartfelt thank you for all you have done for St. Augustine over the years.

Sr. St. Luke Hardy, Principal  
and  
St. Augustine School Board
